FTC EVENT SCOUT

Native macOS scouting for FIRST Tech Challenge

01

EVENT DATA

Choose a season and event code to load registered teams and scored matches from FIRST Events. Before an event starts, preview registered teams using their historical FTCScout OPR.

02

PERFORMANCE ANALYSIS

Compare OPR estimates for overall, Auto, Teleop and Endgame contributions. Explore upcoming matches and custom four-team matchups using OPRc.

03

SCOUTING TOOLS

Sort rankings, open full-event charts and inspect score breakdowns. Save color-coded team tags locally on your Mac.
